FAMOUS BOWERY IS NO MORE NOT SO HARD TO UNDERSTAND

Prohibition and General Good Things Responsible for Disappearance of Its Oldtime Characteristics.

New York's old-time Bowery is no more. No final rites have marked its passage, nor has the last regular hangout, but of recent months the change has been progressing swiftly and noticeably.

Only old-timers can remember the "Tab of Blood" and other famous dives, but now even the modern hangouts are disappearing one by one before the advent of national prohibition.

Most potent of the changes in America's former den of human wreckage is the virtual disappearance of the "bowery bum." A newspaper feature writer recently reported on the street for a time, and he reported that the "bums" are now almost all at least casual workers, and that "cash" or a sizable roll of the "long green," abounds.

After Experience With Truthful Parent, Teacher Got Great Light on Johnny's Case.

A teacher who believed in co-operation with the parents of her pupils called at the house of a small boy whom she had caught in a number of falsehoods in order to take counsel with his mother.

"I can't see how you can say that," the boy's mother objected. "John never tells me lies. I'm mighty particular about it myself. He's out in the yard now. Annie," she said to his small sister, "you go out and tell him to come right in this minute!"

Annie went, but in a few minutes she returned without the small prevaricator. "He won't come," she announced proudly. "He says he won't."

"Did you tell him who was here?" inquired his mother.

Annie shook her head.

"All right," said the truthful parent. "Go back and tell him his grandmother is here and has some candy for him. That'll bring him!"—Youth's Companion.

HOUSTON OPPOSES ISSUANCE OF BONDS

SECRETARY OF TREASURY IS OF OPINION FURTHER LARGE ISSUES SPELL DISASTER.

CONDITION IS NOT SERIOUS

However, Expenditure of \$2,000,000,000 at This Time Would Be a Serious Matter For the People to Confront.

Washington.—A bond issue of \$2,000,000,000 to pay adjusted compensation to former service men "might result in disaster," Secretary Houston told the House ways and means committee, which is considering the soldiers' "relief" legislation.

Increased taxes to extend aid to former service men was suggested by the secretary as "the least harmful way," but he said the proposed expenditure of \$2,000,000,000 "would be a serious one for the people to confront at this time."

"The present financial situation is not critical," Mr. Houston said. "Economy by the people, avoidance of waste of expenditure, economical appropriations by Congress and prudence in handling these appropriations will naturally relieve the situation."

An attempt to sell bonds and place other paper on the market at existing rates of interest would be difficult, he said.

"I don't know if we could float bonds at a higher rate of interest," he told the committee. "If such bonds were floated it would tend to decrease values of present issues."

"Further credit expansion, which has been a factor in the upward trend of living costs, would be inevitable if another bond issue were approved," he said.

"We are doing what we can by prudence to bring about a normal condition of affairs, but I cannot predict when we will return to the prewar state," Mr. Houston continued. "The proposal to float additional bonds would set up grave situations which I am not sure we could handle."

The issuing of \$2,000,000,000 in bonds at this time would be "a much more serious proposition than it was during the war," Gov. Harding, of the federal reserve board, told the committee.

Gov. Harding took issue with statements of representatives of soldier organizations that bonds issued to soldiers would be locked up.

STOCK DECLARED TO BE NOT INCOME

CORPORATIONS MAY NOW CUT MELONS WITHOUT RESORT TO SECRECY OR SUBTERFUGE.

SUPREME COURT DECIDES

Dividends May Be Distributed as Stock Without Taxation, and Government Must Refund Taxes Already Paid.

Washington.—Corporation dividends distributed in the form of stock do not constitute "income" and are not subject to federal income taxes, the supreme court decided in a five to four decision.

Provisions of the 1918 federal income tax law levying taxes on stock dividends were declared unconstitutional. The decision also nullified similar provisions of the present law and will involve great loss in revenues to the government in future collections and also refunds of such taxes already collected. Large financial interests likewise would be affected and extensive "melon cutting" is expected.

In the majority decision, read by Justice Pitney, Chief Justice White and Justices McKenna, Vandever and Myerlands concurred. Of the four dissenting members of the court Justice Holmes read a brief opinion in which he was joined by Justice Day, and Justice Brandeis delivered an opinion in which Justice Clarke concurred. In holding that stock distributions are not dividends on account of no separation of corporate assets being involved, Justice Pitney, in behalf of the majority, declared that stock shares "are nothing except paper certificates" in undistributed assets, are realized profits, and, therefore, are not taxable.

The attempt of congress in the income tax law to tax stock distributions the majority decided to be unconstitutional and not permitted by the sixteenth, or income tax, amendment to the federal constitution. Stock dividends, the majority held, may be taxed only after stockholders realize upon them by sale, in which case the government may levy income taxes on such profits.

All four dissenting justices contended that congress had power to tax stock dividends, holding that such dividends are "income" the same as if in cash. The sixteenth amendment, the minority declared, is broad enough to justify tax.

INDICT OPERATORS-MINERS

Federal Grand Jury Charges Violation of the Lever Fuel Control Act and Conspiracy.

Indianapolis, Ind.—An indictment charging conspiracy in violation of the Lever fuel control act and the federal criminal code, naming 125 coal operators and miners as defendants, was returned in federal court here by a special grand jury which has been investigating the coal industry since Dec. 17, 1919. More than half of the defendants are operators, it is said.

Ten overt acts are charged against the coal men in the indictment, which contains 13 counts. It is understood that many of the violations charged have no connection with the strike of bituminous miners, but occurred prior to the signing of the armistice.

New Treasury Certificates.

Washington.—Secretary Houston announced a new offering of treasury four and three quarters per cent certificates of indebtedness, bearing date of March 15 and maturing in one year.

Pershing's Inspection Trip.

Washington.—Gen. Pershing will leave about March 25 for the Panama Canal Zone to inspect the military defenses there. This will constitute the last lap of his inspection tour of military posts.

Many Prosecutions.

Washington.—Efforts of the government to check profiteering have resulted in 1,046 prosecutions under the Lever act, Attorney General Palmer announced.

Coal Price Increase.

St. Louis.—Thomas T. Brewster, chairman of the coal operators' scale committee in the central competitive coal field, asserted the price of coal would be increased if the miners were granted 25 per cent wage increase.

MR. DODSON WARNS USERS OF CALOMEL

Says Drug Acts Like Dynamite on Liver and Yew Loss a Day's Work.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can't sallyate.

Children and grown folks can take Dodson's Liver Tonic, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tonic acts better than horrible calomel your money is waiting for you. —Adv.

The Wrong Disease.

A Greenfield physician was approached by a patient who was in poor health. The patient explained his illness, and also the fact that he was not able to pay for the professional services at once, but would do so within a short time. He got the medical services and was improving nicely. In fact he had recovered sufficiently to go to work. The patient met the physician, who broached the subject of his fees. The patient said: "Well, doc, don't you know I was just talking to another doctor, and he told me you doctored me for the wrong thing, and I don't want to pay you for doctoring me for the wrong disease."—Indianapolis News.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulates them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep the kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.
